****The Loyalist City*** (a novel) .

ISBN: 0-919806-48-1, 119, pb. Oct. 1979, Vesta

A historical novel set in Canada during the opening of the twentieth century when Canada had just emerged from the status of a colony and pride in the birth of a new nation was strong. British sentiments and affection for the mother country was equally strong. One evidence of this harmonious blending of sentiment is the balanced mixture of British and Canadian patriotic songs sung by children in classes. This and other marked features of the time have been woven in the fabric of *The Loyalist City*.
